Create and Decorate Felt Favor Pockets by Melony Bradley

**It may be cold outside, but WoolFelt® is this season's hottest decorating fabric.**

Check out the holiday craft publications and websites; **WoolFelt®** is everywhere. New **XoticFelt™** made from bamboo and 100% wool **WoolWisps®** roving also made a big splash this season.

### Better Homes & Gardens

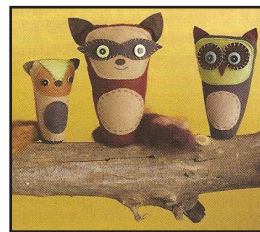

*Better Homes & Gardens* usually features WoolFelt® in its *Holiday Crafts Magazine* and this year to our delight, Tammy DeYoung designed two WoolFelt® pillows packed with personality for this special issue.

### Crafts'n Things

The *Crafts'n Things* holiday issue featured about a dozen WoolFelt® projects. This holiday extravaganza issue had it all from WoolFelt® ornaments to WoolFelt® bread wraps that convert to wall-hangings. See their website for another WoolFelt® winter project.

### Create & Decorate

The *Create and Decorate* holiday issue had six projects mentioning National Nonwovens' products specifically in its product requirement listings. A WoolFelt® pattern is also on their website.

### Quilting Arts Stitch

*Quilting Arts Stitch* speaks to a new generation of sewing enthusiasts and those who have been stitching for years. Their latest issue features a trio of WoolFelt® Woodland Animals created by Heidi Boyd that are a cinch to stitch. Heidi is also a needle felting enthusiast and uses National Nonwovens' WoolWisps® rovings in many projects (see page 2).

### Today's Creative Home Arts

National Nonwovens' products can be found in several projects in *Today's Creative Home Arts* holiday magazine and the website offers many more new WoolFelt® projects. Check-out Debra Quartermain's **Make it Green** project highlighting XoticFelt™ along-side an article about National Nonwovens' Century-long history and environmentally conscious products.
