It took a long time, but spring FINALLY arrived. The birds are singing, the flowers are blooming, and our favorite spring event is happening once again. Yes, it's that wonderful time of year when the new WoolFelt® colors are unveiled.

The new 2018 WoolFelt® Collection is named *In Harmony*. The name is fitting for several reasons. Most importantly, we are celebrating camaraderie, collaboration, and teamwork within our company and in our customer relationships. We are all different but working together we always bring out the best in each other.

Another reason why *In Harmony* is fitting is because music helps people express themselves and be creative. Isn't that what WoolFelt® does; helps people of all ages and artistic levels express their unique creativity?

Each of the new hues in this collection is unique. Together they strike a pleasing chord of easy color rapport. *In Harmony* also works well with other types of art and sewing materials, especially complimenting popular thread colors.

The new 2018 WoolFelt® colors are:

- *Moody Blues*
- *Celtic Dance*
- *Rockin Red*
- *Purple Rain*
- *Gold Ensemble*
- *Muddy Waters*

These colors are added to our already extensive TOY002 product line, bringing the total number of TOY002 colors to 88.

Altogether, National Nonwovens has almost 200 WoolFelt® colors! This places National Nonwovens far ahead of the competition and further exemplifies our commitment to providing you with an unmatched
